EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife.

Please see our website for the latest information: <http://www2.epa.gov/region8/gold-king-mine-release-emergency-response>

Regular updates will be posted as they are available.

Subject: MONDAY 7:30AM - INTERVIEW REQUEST - AL JAZEERA AMERICA

Dear Shaun, good morning,

Hope you're doing well. I wanted to reach out as we are interested in inviting you for a 5 minute interview to discuss the latest with the Colorado River – on our **730am PST/ 1030amET** show this morning.

I realize this is an incredibly last minute request but would really appreciate your perspective on the issue. It could be via Skype and I'm happy to discuss on the phone at your convenience.

Please let me know if this might be possible?

Thank you!

Dana
